

Mindray Lifecycle Solution Guide

BeneVision Distributed Monitoring System

Mindray's Commitment to Quality
over the Lifetime of your Investment

This Lifecycle Solution Guide provides a comprehensive overview of Mindray warranty coverage as well as service agreement options available throughout the life of your patient monitoring system.

BeneVision DMS 1-Year Warranty Support Plan

1-year warranty on all WorkStations, TM70/TM80 Telemetry, CMS Viewer, CMS Mobile App and eGateway:

- On-site service (servers, parts, labor and travel)
- Next day service exchange – TM70/TM80 Telemeters
- Loaners – as needed
- Technical phone support 8:30 AM – 5:30 PM EST, Monday – Friday, excluding holidays
- After hours dispatch which guarantees a service professional call back within two hours

Support Services

Mindray is dedicated to providing cost-effective solutions for today's healthcare organizations. With your equipment purchase, you gain access to a service organization dedicated to maximizing equipment utilization, as well as your overall investment. Mindray offers the following services for the life of each platform:

- Technical Telephone Support
- Repair Center
- Regional Parts Bank
- Loaner Equipment

Service Options

In addition to the initial 1-year coverage, Mindray is committed to exceptional post-sale service.

Options include:

- Biomedical Engineer Training
- Post-Warranty Services
- 24/7 Access to Mindray Field Service Professionals
- Software Maintenance Agreements

Software Maintenance Agreements

Systems today typically incorporate third-party operating platforms, as well as proprietary clinical applications and algorithm software. A Mindray Software Maintenance Agreement (SMA) addressing application servers and patient monitors is designed to keep our customers at ease, by either safeguarding the functionality originally purchased via scheduled software patching and updates (Basic SMA) or by protecting from system obsolescence with annual application and operating system upgrades (Platinum SMA).
