Support Services

Mindray is dedicated to providing cost-effective solutions for today's healthcare organizations. With your equipment purchase, you gain access to a service organization dedicated to maximizing equipment utilization, as well as your overall investment. Mindray offers the following services for the life of each platform:

- Technical telephone support
- Mail-in service with loaner capability when under warranty
- On site service for TE X if deemed necessary by Mindray Service Team

Service Options

In addition to the 5-year warranty, Mindray is committed to exceptional post-sale service.

Purchasable options include:

- Biomedical engineer training
- Post-warranty services
- Extended warranty, purchased at point of sale, also extends the Living Technology™ benefit
- Total care accidental damage warranty program

Living Technology

Living Technology is a continually evolving software-based approach to providing our customers with easily upgradeable enhancements made possible by our core imaging technologies. Available for systems under warranty, these updates and upgrades are available at no charge. Installation is not included. These upgrades secure product investment protection by ensuring that Mindray Ultrasound Systems remain at the cutting-edge of imaging performance throughout their entire life cycle.
