RE: Mindray BeneVision TD60 Telemetry Platform, End-of-Sale Notice

Dear Valued Customer,

As of Sept 30, 2021, the Mindray BeneVision TD60 telemetry platform is End-of-Sale. As a result, the following components will no longer be available for purchase:

- TD60 Telemetry Transmitter
- RC60 Receiver Cabinet
- RC60 Receiver Board
- RC60 Receiver Cabinet (Diversity)
- RC60 Receiver Board (Diversity)

While these product components will no longer be available for purchase after September 30, 2021, it is important to note that Mindray Service and Technical Support are committed to supporting the BeneVision TD60 platform for a minimum of 7 years from that date, maximizing the value of your capital investment.

If expansion is something you wish to pursue in the coming years, your Mindray Sales Representative can discuss with you the benefits of either the BeneVision TM70 WMTS telemetry transmitter or the BeneVision TM80 5 GHz 802.11n telemetry transmitter. Each of these new solutions includes safety advancements through bi-directional communication such as, local alarms, local arrhythmia detection, location services, and advanced pairing capabilities with BeneVision N-Series bedside monitors.

We are available to answer any questions that you may have regarding this End-of-Sale Notice. Please contact your local Mindray Sales Representative or call 800.288.2121 to speak with a Customer Service Representative. We appreciate the trust you have placed in Mindray and look forward to our continued partnership moving forward. Thank you.

Sincerely,
